

Alejandro Gámez

Junior software developer

Hi there! I'm Alejandro, software developer, **passionate about programming** with knowledge in C#, Java, Kotlin, SQL, JavaScript, HTML, CSS and Python. I also studied Graphic Design, so I have UX/UI Design too as a skill.

EDUCATION

DAM
2022-

Actually I'm studying DAM at Medac (Cross platform application development), acquiring a huge dominance of the programming languages I mentioned before.

Diseño
2019-2022

I studied the Design and Digital Creation degree in the Open University of Catalunya. This provided me with skills on Adobe suite, branding and interface development.

COMPLEMENTARY EDUCATION

Desarrollo apps
móviles Kotlin
2023

In this course I learned to develop mobile applications for Android with Kotlin.

Primeros Aux.
2017

First aid course in the University of Málaga.
